

GAS SUPPLY IS UNRESTRICTED

Local Consumers May Use Any Quantity, Fuel Board Rules.

CITY IS VERY FORTUNATE

Chattanooga's gas supply is exempt from fuel conservation restrictions of the fuel administration, according to an important ruling received Thursday by the Chattanooga Gas company, from B. L. Winchell, regional director for the United States railroad administration, of the southeastern region. The status is the same as during the war. The ruling was communicated to local gas consumers Thursday afternoon.

The Chattanooga Gas company is furnished gas by the by-products company in Alton Park. During the war it will be remembered, there was some question as to whether use of the by-products gas should be restricted or not. E. F. Field, government expert, came to Chattanooga and his report encouraged the use of gas instead of advising conservation.

The Chattanooga Gas company has not operated its own plant in several years, purchasing all gas used from the Chattanooga Coke & Gas company. The coke plant must be operated twenty-four hours a day and there is a minimum limit at which the plant must be run to operate at all. There is not sufficient storage space to store the gas. To limit the use of the coke plant would mean that the product would simply be wasted just as in the case of hydro-electric power.

Like the electric plants, the load on the gas plants is about 4 or 5 times as much as that of the electric plants, as industrial users of gas use their plants and a surplus is generated since the process is a twenty-four hour process. Nothing is gained by restricting the use of the gas, according to the standard.

TEA KEEPS YOUR HAIR DARK

on Mixed With Sulphur It Rings Back Its Beautiful Lustre at Once.

hair, however handsome, de-advancing age. We all know the hair is your charm. When it turns gray and looks streaked, just a few applications of Safe Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! prepare the recipe at home or in any drug store a bottle of Safe Tea and Sulphur. "Why?" you ask. "Well, it is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger." (Adv.)

If You Suffer the Tortures of Burning, Itching Skin Diseases

It's Possible You Can Secure Permanent Relief by the Use of This Prescription Treatment.

When your skin itches, you just must scratch and rub, although you well know that the irritation caused will itch all the more and burn like coals of fire. In addition to the suffering and torture, the glands of the inflamed skin will throw off a watery pus that makes the trouble all the more unbearable.

Mucus, and greasy external applications may stop the itching for a while, but as this diseased condition of the skin is usually caused by an impure state of your blood, a real purifier is necessary, for no real relief can be expected until the blood is thoroughly purified—the poisons, that are causing the unbearable skin disease, eliminated entirely.

As a red blood purifier, Plough's Prescription C-2223 has been used for years and years with great success in the treatment of those conditions of the skin due to an impure state of the blood. This concentrated liquid treatment contains certain medicinal ingredients well known to the medical profession, which eliminate the poisons causing the trouble, purify the blood and make the skin clear and healthy.

In taking Plough's Prescription C-2223, it is very necessary that the liver be active. A very mild cathartic and liver stimulant is prepared especially for use in connection with the liquid prescription treatment—2223 Liver Pills. Three pills a week are all that will be found necessary to keep the liver and bowels in healthy condition, thereby assisting the treatment in throwing off the poisons.

Plough's Prescription C-2223 can be found at all good drug stores at \$1.50 a bottle; the Pills, 25c a package; or the 2223 Laboratory, Memphis, Tenn., will send both postpaid on receipt of \$1.75.

Prescription C-2223 Eczema

taken by the fuel administration, and the further crippling of industries and inconvenience of the public. It is not necessary, therefore, for stores or other consumers to turn off their heaters or lights at the hours specified in the present fuel regulations. Chattanooga is, therefore, in an excellent position to withstand fuel shortage with her by-products gas and hydro-electric power.

Conditions have not changed materially during the past few hours and new orders are not expected from the regional coal committee until some definite decision is reached as a result of the conference of hydro-electric operators, which is being held in Atlanta.

Supplement, issued. The following supplement to fuel regulations was received by J. L. Darragh, chairman of the local railroad operating committee, Thursday afternoon:

"Supplementing our B-501 of Dec. 2, the committee sends the following for your information. Copies should be forwarded by mail to officers and agents who received B-501 and should be given promptly to your local press: 'Following is a summary of interpretation of the consumption of hydro-electric operators, which is being held in Atlanta.'

"1. Wholesale and manufacturing druggists, manufacturing opticians grinding, prescription and wholesale manufacturing and retail surgical instruments and dental houses are considered as having the same exemption as provided for drug stores.

"2. All restrictions placed upon the use of coal apply to the use of coke.

"3. To prevent any possibility of misunderstanding the committee states that plants, stores and offices open outside of hours fixed by the regulations may use oil lamps, candles, gasoline or other means of lighting or heating in the production of which coal, gas or wood are not used.

"4. A soft drink, candy, tobacco, fruit and periodical stands located in drug stores, hotels, restaurants, railroad stations, poolrooms, bowling alleys or other places which are exempted from closing regulations, may, during special hours, be fixed may do business at any time, provided no additional light, heat or power produced by wood, coal or gas is used for the purpose outside of hours prescribed.

"5. Stores exempted or for which special hours are provided may at any time sell any goods in their store, provided no lights are thereby required in addition to those used for the sale of food, drugs or other things covered by exceptions.

"6. Chemical laboratories are classed as industries engaged in continuous processes.

"7. Offices of physicians, surgeons, dentists and other practicing similar professions are not subject to any of the restrictions.

Additional modifications to the original regulations, the necessity for which has been pointed out, are hereby made effective at once as follows:

"1. All departments or coal mines with offices and commissaries incidental to their operations are exempted.

"2. Garages and automobile filling stations may operate outside of hours fixed for mercantile establishments for storage and for the sale of gasoline, oil and accessories and for emergency repairs provided only safety lights are used for the purposes.

"3. Churches, schools, fraternal orders, clubs, and charitable, religious and community service organizations are not connected to the regulations.

"4. Chambers of commerce, civic committees, merchant organizations and other such bodies are not subject to the regulations.

"Original coal representatives, copies by wire to federal managers and general managers not included as coal representatives, terminal managers, chairman operating committees and port agents.

"REGIONAL COAL COMMITTEE, 1:30 P.M."

The Frank A. James farm at Wauhatchie has been subdivided and will be sold in sections to the highest bidder Dec. 19. The farm is the largest and probably the most valuable in Hamilton county and the Chattanooga section. It consists of 1,500-acre tract of land beginning at the Nashville, Chattanooga & St. Louis railway crossing and extending for about a mile along the main line and back to the base of Lookout mountain. The farm is conservatively estimated to be worth approximately \$250,000.

The auction sale of the farm will be conducted by W. B. Dozier of Athens, Ga. Mr. Dozier is already in the city arranging details of the big sale. The auctioneer has just completed the sale of the 7,000-acre plantation of the late multi-millionaire, Joe Smith, in Oglethorpe county, Georgia.

The James farm is located just six miles or twenty minutes by auto from the heart of the city. Most of the land is in a beautiful stand of blue grass. There are a number of ideal building sites on the land, and it is expected that a number of small sections will be bought as home-building sites. The farm is divided into ten-acre sections and larger.

Most of the land has been owned by Frank A. James for the past fifty-two years. Besides several barns and outhouses, Mr. James' home is on the place. It consists of a two-room log cabin located on a picturesque hill, affording a beautiful view of the country around. A prominent Chattanooga has already stated that he intends to purchase the site and erect a mansion.

There is some woodland on the property as well as 200 acres of bottom land. The land has been in corn and produces an average of seventy bushels to the acre.

Tennesseans Visiting At Nation's Capital City Washington, Dec. 5.—(Special).—William S. Williams, of Dyersburg, who is secretary to the American legation at Stockholm, is in Washington en route to his post after a visit to his relatives in Tennessee. He has been abroad in the diplomatic service for nearly two years.

L. E. Bebe, of Tullahoma, who has been to New York, stopped off today in Washington en route home. He called on Congressman Davis, of the Fifth district.

Capt. W. H. Hartford, Nashville director of the federal reserve bank, is in Washington on official business.

WHAT to give for CHRISTMAS

Visit Our Gift Shop—Main Floor

What to give—that is the big problem confronting many of us at Christmas time. Extravagant and useless gifts are often forgotten. But a gift that will serve day after day—one that will be a constant reminder of the forethought and consideration displayed by you—such a one is truly the

ideal gift. And good furniture will do all of that. The suggestions illustrated below are but a few of the practical articles to be seen on our floors. An early visit to our store may help you to solve the gift problem.

We Are Pleased to Arrange Terms of Credit to All

Table Lamps
\$7.50 \$9.75
\$11.75 \$16.50
\$22.50 \$29.75

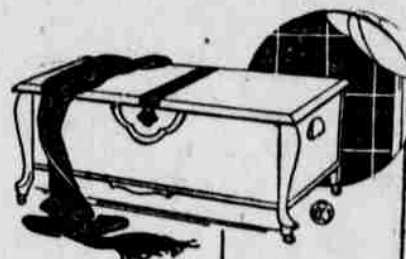

In this display of lamps, we offer you combinations which harmonize with favored schemes of decoration. They are designed in graceful, simple styles, and may be had with mahogany base. Shades are of silk, with neutral silk lining and fringe.

Christmas Candle and Holder \$1.98

Consisting of a mahogany base and red wax candle, set off by a red ribbon bow, it makes a very pretty addition to your Christmas decorations. Inspect our offering of candlesticks.

Cedar Chests
\$14.50 \$18.75
\$22.50 \$27.50

We offer an unusual selection of cedar chests. They are all made of genuine Tennessee red cedar, handsome in design and trimmed in copper. With one of these chests you have complete protection from moths. And they make ideal window seats, too. They are well worth your inspection.

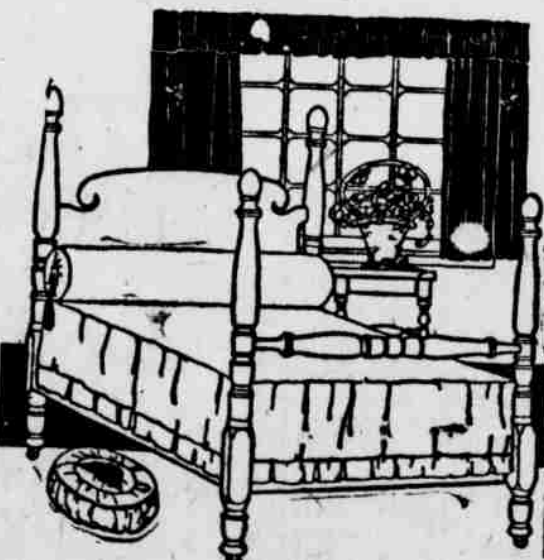

For Him 98c

for an inexpensive gift that will bring the greatest appreciation, give him one of these mahogany and glass smoking trays.

\$16.50

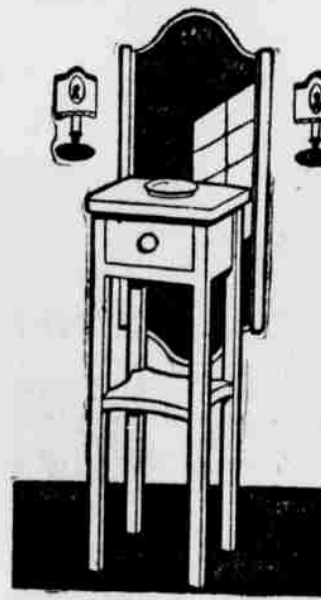

An attractive desk in oak or mahogany, nicely arranged and well finished; good size.

A Comfortable Four Poster of Colonial Design \$39.00

Beautify your bedroom by installing this Colonial four poster bed. It carries with it a quaint restfulness, that allows you to wake up in the morning thoroughly refreshed. Finished in mahogany.

A Smoking Stand \$4.75 Always Acceptable

Finely finished in fumed oak or mahogany, this smoking stand will take care of his needs. Has a roomy drawer and large ash tray.

Gives You One of These Lamps

98c Per Pair

A pair of these beautiful mahogany candlesticks will make an inexpensive gift; and one that will be appreciated in the home.

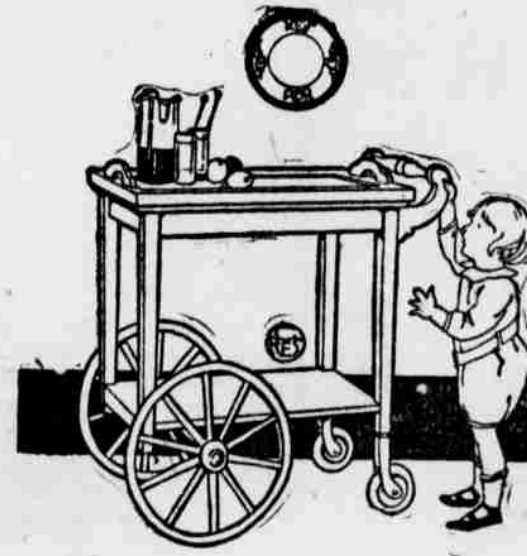

Windsor Rocker \$16.75

This quaint old Windsor rocker is finished in mahogany; has a comfortable saddle seat and gently sloping back. Unusually roomy.

\$18.75 Tea Wagon of Distinction Within the Reach of All

Have you longed for a tea wagon? Striking though simple, this Colonial tea wagon is within reach of everybody's purse. Handsomely finished in mahogany. It has a large serving tray and the four wheels are of wood.
